AC INFINITY

Smart Cooling Systems

CABINET FAN SYSTEMS

THERMAL PROTECTION

The AIRPLATE system is designed to quietly cool AV electronics enclosed in entertainment centers, home theaters, and audio video cabinets.

SMART PROGRAMMING

T-Series models feature a digital LCD controller with automated thermostat and fan speed control. Additional S-Series fans can be daisy chained.

ULTRA QUIET COOLING

Each fan system utilizes dual-ball bearing fans with a PWM motor. These custom motors are designed to reduce noise while delivering high airflow.

COMPONENT FAN SYSTEMS

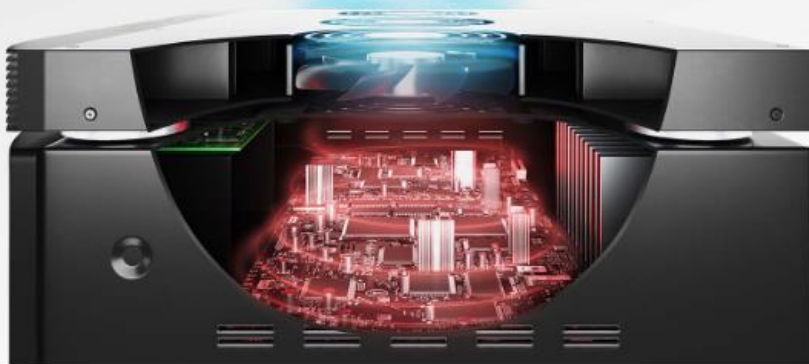

THERMAL PROTECTION

The AIRCOM cooling system prevents overheating, optimizes performances, and extends the lifespan of receivers, amplifiers, and other AV components.

ENGINEERING SILENCE

Each dual-ball bearing fan is rated at 67,000 hours and contains a PWM controlled motor used to minimize noise and power consumption.

SMART CONTROLS

T-Series models features a LCD digital display. Programming includes automated thermal and speed control, alarm alerts, and backup memory.

RACK FAN SYSTEMS

INLINE DUCT FAN SYSTEMS

AIRFRAME SERIES

CLOSET FAN SYSTEMS

[VIEW MODELS BELOW](#)

THERMAL PROTECTION

The AIRFRAME closet fan system is designed to quietly cool AV components and equipment stored in closets, rooms, and large enclosures.

NYLON MESH FILTER

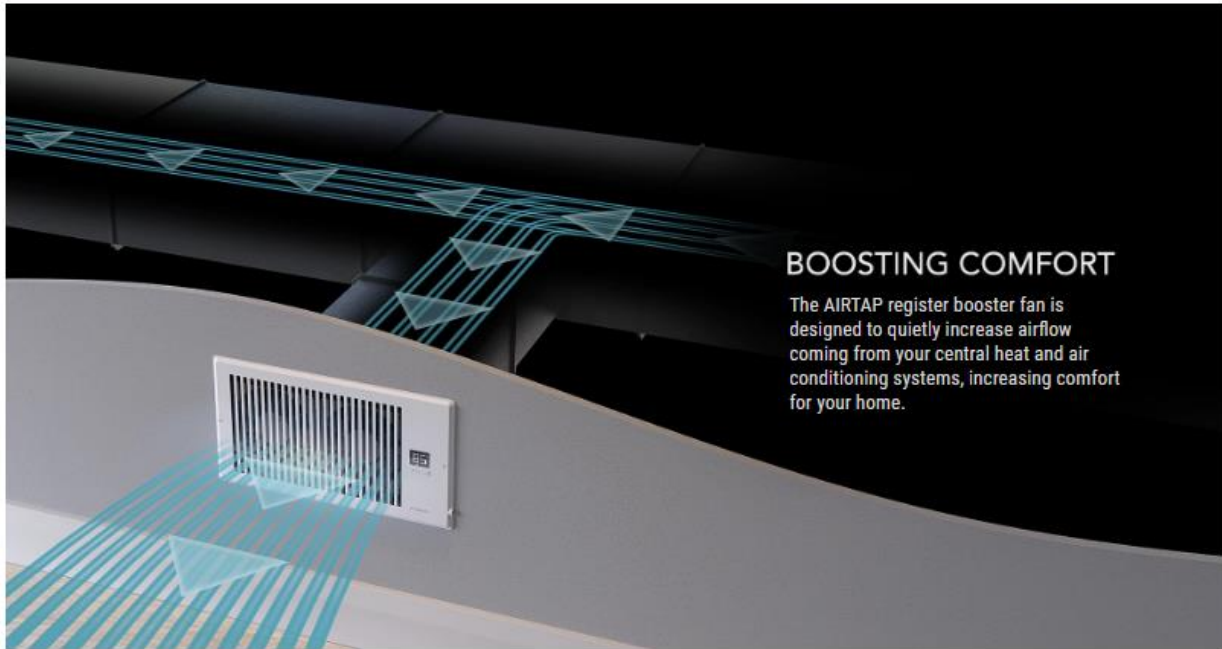

Features a nylon mesh filter that prevents dust from entering the room and getting into your equipment. The filter can be easily detached for cleaning.

AIRTAP SERIES REGISTER BOOSTER FAN

[VIEW MODELS BELOW](#)

BOOSTING COMFORT

The AIRTAP register booster fan is designed to quietly increase airflow coming from your central heat and air conditioning systems, increasing comfort for your home.

CRAWL SPACE & BASEMENT FANS

SMART PROGRAMMING

Features a digital controller with intelligent programming that will adjust airflow strength in response to high and low temperatures, as well as humidity.

HEAVY DUTY BUILD

Each system is mounted on a stainless steel frame and fully enclosed with spiral guards. The fans are also IP-44 rated to be highly resistant to liquids and dust.

WARRANTY PROGRAM

Our warranty program is our commitment to you, the original customer, that each product sold or manufactured by AC Infinity Inc. will be free from defects for a period of TWO YEARS from the date of purchase. If a product is found to have a defect in material or performance, we will repair or replace it at our expense. Once the return is received, a fixed unit or new replacement will be shipped out within 2 business days.
